Personalized Health Navigation	Ongoing support with acute or chronic health issues and specialist appointments, follow-up appointments
Comprehensive Intake Call with Nurse	Detailed intake call to review personal health history, risk factors and current health goals
24/7/365 Virtual Consult with Licensed Practitioner	Unlimited access to consultations for treatment, diagnosis, prescriptions, requisitions and referrals as medically appropriate
Prescription Support & Delivery	Online consultation for prescriptions and refills with free delivery to pharmacy of your choice or home (some exclusions apply)
Dedicated Member Care Concierge	Ongoing access to MCC to assist with coordination of appointments and support for account set up not requiring nursing support
Diagnostic Imaging Coordination	Support with coordinating diagnostic testing like X-Rays, Ultrasounds, MRI's and CT scans ordered by licensed practitioner
Mental Health Navigation	Virtual consultation with mental health practitioners (psychologists/psychiatrists) to review symptoms as well as mental illness diagnosis, prescriptions and treatment plan as well as support from Canadian Licensed Nurses for local provider search and mental health resources
Women's Health Navigation	Support from Canadian Licensed Nurses for various women's health needs.
Family Doctor Search	Supporting the search for a new family doctor in your area/city
Ancillary Practitioner Search	Supporting the search for care providers like physiotherapists, chiropractors, RMT's etc.
Expert Medical Opinion	Virtual access to a second opinion on current healthcare issue/diagnosis by an expert followed by a detailed report of current diagnosis and best treatment plan and options to consider
Access Specialist Network	Access to our navigation network of specialists and experts in the fields of dermatology, ENT, orthopedics etc.
Preventative Health Options	Providing options for proactive and prevention based testing such as pharmacogenetic testing, cancer screening, DNA and genetic testing.
U.S. Health Navigation	Navigation support powered by Strategic Partner for health concerns and prescription needs when traveling in the U.S.
U.S. Price Negotiation Support	Support finding the right care at the right price when in the U.S. powered by Strategic Partner
Mobile Blood & Urine Collection Annually	Coordination of mobile sample collection from home/office at a convenient time with a valid requisition
Preferred Pricing for Executive Health Assessments	Navigating health clinics based on needs and access to preferred pricing at partner health clinics

*Please note that our nursing team can not provide referrals or requisitions. If you need a referral, reach out to a licensed practitioner via your virtual health service or a family health provider.
